

PARADISE BEACH PURVEYORS

# DIPS, CHEESE, SNACKS AND PITA BITS

## IT TAKES YEARS TO BAKE THE PERFECT PITA BIT

Perfecting a simple but delicious idea takes years of baking and thousands of batches. That's why Paradise Beach Purveyors Pita Bits are perfect every time. Perfect with dips and nibbles, appetisers and antipasto, mezze plates and salads, pates and cheeses. Bite sized and fat free, they have a superior texture, crisp and golden with a nutty, neutral, toasty flavour that goes so well with all your savoury treats.

### REGULAR PITA BITS

Pita Bits were created to accompany food and not to overpower with their own flavour. From the first day that we put these out at a tasting for our Dips, people insisted that we manufacture them and have been coming back for more ever since. Very moreish. Thankyou.

### WHOLEMEAL PITA BITS

Using unprocessed flour, Wholemeal Pita Bits are extra healthy. With a crunchier, wholemeal flavour, they are the perfect partner to dips, salads, appetisers, antipasto, mezze plates, pates and cheeses.

### .POPPY SEED PITA BITS

Unique to Paradise Beach. In this recipe, Poppy Seed is mixed through the dough as opposed to being sprinkled on top, which is, as far as we know a first and gives Poppy Seed Pita Bits a special crisp, nutty flavour and an attractive speckled appearance. Try some on their own and see. They present very well on a cheese platter.
